Mobile: +91 6207641726

SKILLS

- **Languages :** Java, C, C++, JavaScript, Python, SQL
- **Core CS Concepts :** Data Structure & Algorithms, Object Oriented Programming, System Design
- **Frameworks :** HTML, CSS, Tailwind CSS, Bootstrap, NodeJS, React.js, Express.js
- **Tools/Platforms :** Git, Github, MySQL, PostgreSQL, MongoDB, Docker, VS Code, Postman
- **Soft Skills :** Leadership, Communication, Problem Solving, AnalyticalThinking

PROJECTS

Disaster Management Web Application: GitHub — Dec'25– Jan'26

- Built a full-stack platform with role-based dashboards (Citizen, Volunteer, Admin) for real-time alerts, incident reporting, volunteer coordination, and donations.
- Developed REST APIs with JWT authentication, role-based access, and Socket.io for live notifications; integrated MongoDB with structured data models.
- Centralized disaster response with features like relief management, community forum, quizzes, and emergency checklists.

Tech Stack : React, Node.js, Express.js, MongoDB, Mongoose, Socket.io,JWT, Axios, React Router

Clean Earth Dashboard : GitHub — Feb'25 – May'25

- Designed a data-driven sustainability dashboard to enhance environmental awareness and optimize waste management efficiency.
- Visualizes real-time data on pollution levels, recycling performance, and carbon footprint across regions.
- Integrated AI-based waste classification and map-based detection of nearby disposal centers for efficient waste handling.

Tech Stack: HTML, CSS, JavaScript,TailwindCSS, PHP, MySQL

AI- Powered Performance Analyzer for OS Processes: GitHub — Feb'25 - May'25

- Built a real-time system monitoring tool to track CPU, memory, and disk usage across processes.
- Implemented automated bottleneck detection with intelligent alerts for high resource consumption.
- Added predictive analytics using Linear Regression to forecast resource usage and optimize performance.

Tech Stack: Python, Psutil, Tkinter, NumPy, Scikit-learn, Matplotlib

CERTIFICATES

Foundation Degree in BS Data Science | Indian Institute of Technology, Madras — Sep' 25

Vector Search Fundamentals | MongoDB — Jun' 25

Computer Communication | Coursera — Dec' 24

ACHIEVEMENTS

Completed the 100-Days LeetCode Challenge 2025: — Sep'25

Completed the 100 Days LeetCode Challenge 2025, demonstrating consistency, strong problem-solving skills, disciplined daily practice.

Achieved star Rating in Python on HackerRank: — Dec' 23

Achieved a 5-Star Rating in Python on HackerRank, reflecting strong proficiency in Python programming and algorithmic problem-solving through consistent effort and practice.

EDUCATION

Lovely Professional University — Phagwara, Punjab

Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.5** — Aug' 23 - Present

St. Lawrence Academy — Patna, Bihar

Intermediate **Percentage: 79** — Apr' 20 – Mar' 22

Prarambhika — Patna, Bihar

Matriculation **Percentage: 80.2** — Apr' 19 – Mar' 20
